Stories Café is brought to you by Hope Haven Area Development Center. Hope Haven's clients work at our café to build the necessary skills to work independently within the community. We call our café "Stories Café" both because of the stories in the library, and because every person, every client, every customer has their OWN story and we love to hear them all.

Stories Café is the perfect environment to hang out with friends, do homework, have a business meeting, or read a good book with your favorite drink. We're always trying new things, so be sure to stop in often and check for new products or specials.

Check us out on Facebook under Stories Café to leave comments, suggestions!

General Manager
Stacey Mueller

Stories Café
